

Institute for Medical Simulation Simulation as a Teaching Tool: Instructor Course©

Organised by
**Center for Medical Simulation, USA &
Centre for Healthcare Simulation, Yong Loo Lin School of Medicine,
National University of Singapore**

**5 to 8 May 2014 (Monday to Thursday)
Centre for Healthcare Simulation,
Level 3, CeTM, MD 6, NUS**

This 4 day intensive immersion in healthcare simulation is led by experienced Harvard faculty and covers all high-level elements and concepts involved in running a simulation program. Attendees join a growing community of Institute for Medical Simulation (IMS) graduates who are positioned as leaders in the field. Daily formats vary and include simulation scenarios, lectures, small and large group discussions, case studies, and practical exercises with feedback.

Topics include:

- Patient simulation: history and context
- Operating a simulation program
- Creating a challenging and safe learning environment
- Teaching clinical thinking and skills
- Teaching teamwork and crisis resource management
- Developing debriefing skills
- Preparing, building, conducting, and debriefing realistic simulation scenarios
- Avoiding simulation pitfalls and ineffective debriefing techniques
- Introducing behavioral and educational research paradigms
- Advancing simulation within one's institution

CME & CNE points will be accredited by SMC & SNB

For registration / enquiries, please email shu_shing_ang@nuhs.edu.sg or call +65 6601 1520

Registration Fees: US\$4,575

Closing Date for Registration: 4 April 2014

Any cancellation or replacement must be conveyed in writing to the organiser.

Refunds are allowed if cancellation is received on or before 4 April 2014. There is no refund for any cancellation made after 4 April 2014. Registration can be only confirmed upon full payment.
